The Operations (AFAA/DO) and Resource Management (AFAA/RM) Directorates, and the Director of Staff (AFAA/DS) are located in the National Capital Region (NCR) and provide staff support to the Auditor General.

AFAA line operations are managed through the following three directorates:

- The Field Activities Directorate (AFAA/FD) is also located in the NCR and manages installation-level audit work at 11 area audit offices and 44 teams located on major Air Force installations. Office supervision is exercised through two regional offices located at Langley AFB (Eastern) and Scott AFB (Western).
- The Financial and Support Audits Directorate (AFAA/FS) is located at March ARB and directs audits related to financial management, air and space operations, personnel, communications, engineering and environment, support services, health care, and intelligence.
- The Materiel and Systems Audits Directorate (AFAA/MS) is located at Wright-Patterson AFB and directs audits related to contracting, logistics, research and development, information systems, security assistance, and the Air Force Working Capital Fund. AFAA/MS also manages the Materiel Audit Region located at Wright-Patterson AFB with area audit offices at eight AFMC installations.
